
God Be With You, 2020 Seniors!

**An article for the *Cathedral Times*
by Dean Sam Candler**

As the Cathedral of St. Philip prepares to honor our youth this Sunday, May 17, we particularly send special blessings to all students who are graduating this spring. Wow, what a graduation season this is. We have all lost things during this pandemic. Our seniors, however, those graduating from high school and college (and other levels!) are having a particularly strange time: no big ceremonies, no special events, no proms, no baccalaureates, no big gatherings of any kind, no final times with special friends and colleagues.

So, we bless you seniors! Congratulations on your excellent student careers! May you begin the next chapters of your lives with amazing grace and patience, and with the strength that comes through perseverance and the ability to adapt to changing situations. And congratulations to your families, too!
